

## **TRASH AND MANURE REMOVAL AND DISPOSAL AT THE NEW YORK STATE FAIRGROUNDS**

IFB #0245

### **Addendum 1 Questions and Answers Issued December 21, 2020**

*\*Please note that the questions that follow are taken verbatim from the emails received by the Department without editing.*

1. One question is in regard to the recyclable processing fee on bid form tab 3 D, and on also tab 4C. The processing fee also needs to include language for contamination fees. For example this contamination could be trash, food waste, non-recyclable materials and bagged recyclables.
  - a. **See “Addendum 2 – Amendment”. THE RECYCLABLE PROCESSING FEE SHALL NOT INCLUDE THE “CONTAMINATED RECYCLABLE FEE”. Contractor will be reimbursed a “contaminated recyclable fee” at \$225 per ton for any contaminated recyclables. This fee includes any fees associated with disposal of the contaminated recyclables.**
2. Another question is on the lack of a service rate on tab 3 and tab 4 in regard to the 8 Yard VIP compactors (rental is bid under B) and the 2 yard and 4 yard frontload (rental is bid under A). There needs to be a field for the fees for the service and disposal of these containers.
  - a. **Please see asterisks and headnotes in red and highlighted in yellow at the top of Attachment 1 – Bid Form, “Lot 1 – Year-Round” tab and “Lot 2 – Fairtime” tab. Bidders must provide a rental fee for each unit listed. Bidders must also provide a haul fee for each haul of a compactor or dumpster.**

**For “Lot 1 – Year-Round”:**

**\*\*\*Bidders must provide a Haul Fee for each haul of a compactor or dumpster. The Haul Fee shall include the pick-up of a compactor or open top roll-off dumpster, transport of the waste to a waste processing facility for disposal, and return of the compactor or open top roll-off dumpster to the Fairgrounds or the Contractor’s facility if it is no longer needed. All unit prices shall be inclusive of all costs and profit (including, but not limited to: Direct & Indirect Costs, Payroll, Fringe Benefits, Supplies and Materials, Equipment, Overhead & Profit). NOTE: THE HAUL FEE SHALL NOT INCLUDE THE DISPOSAL OR “TIPPING” FEE. Per Section 2.3.4(4)(ii) of the IFB,**

Contractor will be reimbursed for the disposal or “tipping” fee at actual cost upon submission of required supporting documentation as set forth in Sections 2.3.4(6) and 2.3.4(7) of the IFB. Please refer to Exhibit 1 for historical data on the number of hauls in 2018 and 2019. This data is provided for informational purposes only. Contractor will only be paid for the actual number of hauls at the price bid on the Bid Form.

For “Lot 2 – Fairtime”:

**\*\*Bidders must provide a Haul Fee for each haul of a compactor or dumpster. The Haul Fee shall include the pick-up of a compactor or open top roll-off dumpster, transport of the waste to a waste processing facility for disposal, and return of the compactor or open top roll-off dumpster to the Fairgrounds. All unit prices shall be inclusive of all costs and profit (including, but not limited to: Direct & Indirect Costs, Payroll, Fringe Benefits, Supplies and Materials, Equipment, Overhead & Profit). NOTE: THE HAUL FEE SHALL NOT INCLUDE THE DISPOSAL OR “TIPPING” FEE. Per Section 2.3.4(4)(iii) of the IFB, AGM will pay the disposal or “tipping” fee at actual cost directly to OCRA during Fairtime. Please refer to Exhibit 1 for historical data on the number of hauls in 2018 and 2019. This data is provided for informational purposes only. Contractor will only be paid for the actual number of hauls at the price bid on the Bid Form. Beginning one day prior to the first day of the State Fair and continuing through the last day of the State Fair each year, all dumpsters and compactors shall be emptied and returned to their location at least once daily including Saturdays, Sundays, and Labor Day, or more often if the unit(s) is/are full. The emptying and returning of compactors and dumpsters cannot begin prior to 11 p.m. each night and must be completed by no later than 9 a.m. each morning.**
